Sounds great, Bryn. Will be looking forward to the call and exploring our options.

I believe this is the site you are referring to in Newberg. The file looks like all we have is info between 1978 and 1989. I'll look around a little more and see if I can find more, but I'm not sure I'll find much more. I'll check with Mary Camarata (DEQ field coordinator) and see if she has any more info on the site and who may have an interest in the site.
